Sea Freight

Sea freight forms the backbone of global supply chains and as such General Cargo Asia offers a wide range of sea freight services starting from classic FCL and LCL handling up to combined Sea & Air products in order to achieve the best balance between costs and speed.

We operate our own NVOCC and maintain close carrier relationship to ensure sufficient space and competitive rates at anytime.

Our Services:

- Full Container Load (FCL)
- Less than one Container Load (LCL)
- Stowage and tie-down of containers
- Import and export clearance
- Own House Bill of Lading
- Collection and delivery from / to all Chinese seaports

Rail Freight

Rail freight is a competitive and environmental friendly alternative considering its much faster transit time compared to sea freight and lower costs when compared to air freight.

- Competitive long-term rates for LCL, FCL, Reefer, Open & GOH service
- Door to Door solutions all across China and Europe
- 14 departures per week (from/to Hamburg, Duisburg, Leipzig and from/to Zhengzhou, Chongqing, Suzhou, Wuhan, Harbin, Hefei and Changsha)
- Fast transit times (22 days from West to East and 12-17 days from East to West)

Warehousing & Distribution

Our strategically located branches in Hong Kong and Shenzhen provide about 10,000 ft² (ca. 1000 m²) of air-conditioned storage space and are monitored through a 24 hours CCTV system and additional security controls. The warehouse is partly equipped with rack systems and managed by an inter-connectable Warehouse Management System (WMS). Domestic and cross-border distribution service is available through means of an own dedicated truck, courier services and our partner network.

Our Services:

- Air-conditioned storage
- Picking, labelling and packing
- Packaging and repackaging
- Display building & basic assembly
- Quality control
- Domestic & cross-border distribution
- Just-In-Time (JIT) delivery
- Return Merchandise Authorization (RMA)
- Warehouse Management System (WMS)
- 24/7 security monitoring & guards

Supply Chain Consulting

Our experts will assist you in asking and answering the right questions to improve your supply chain. We offer vast experience in all aspects of supply chain management no matter if you are looking to re-design your transport flow or if you aim to optimize your warehouse setup. We work with and for various industries and are more than happy to share best practice cases with you.

Our Services:

- Industry-specific solutions
- Supply chain analysis
- Cost assessment
- Information and goods flow analysis
- Supply chain design and implementation
- Transport optimization (e.g. routing, shipping modes)
- Warehouse optimization (e.g. design, stock levels and replenishment)
